Terms and Information

TERMS OF PAYMENT

Discount Plan Where cash is required in full payment of Fall orders by September 15th, and on Spring orders by March 15th, a 2% discount will be allowed.

Open Account Goods will be supplied open account to customers of approved credit who supply satisfactory trade and bank references. Time must be allowed for investigation.

TERMS NET 30 DAYS.

C.O.D. Orders All C.O.D. orders must be accompanied with a one-third down payment.

Note When retail customers are sent to the sales yard to buy on a wholesale account, they must have either a letter or purchase order from the firm sending them. The discount on sales of this kind is 25% off the retail, in credit only.

SHIPPING & NON-WARRANTY

Please give definite shipping instructions. In no case can we assume responsibility for the shipment of stock after it has been accepted by a carrier. Liability for claims arising from delays or damage in transit rest solely with the carrier, but we will be pleased to assist with claims of this nature.

All orders are accepted on the condition that they shall be void should any injury befall the stock from causes over which we have no control. Requests for adjustment and complaints must be made within 20 days after receipt of goods. **NO COMPLAINTS ENTERTAINED AFTER THIS 20 DAY PERIOD.**

PRICES

This printing supersedes all previous lists

**PRICES ARE SUBJECT TO CHANGE

WILT-PRUF

WILT-PRUF LESSENS SUMMER SLUMP!

The intense seasonal nature of the nursery industry — hectic springs and autumns interrupted by comparatively unprofitable summers — can now be largely overcome with **WILT-PRUF**!

Planting and landscaping with nursery stock protected by **WILT-PRUF** can be carried on in hottest weather . . . bringing a new, profitable season to your nursery . . . helping you to stabilize your payroll and overhead.

WILT-PRUF PREVENTS LOSS OF VALUABLE STOCK!

Losses due to wilt and set-back can be materially reduced by using **WILT-PRUF** as an anti-transpirant before transplanting.

Injuries caused by wind-burn and sun-scorch can be lessened by using **WILT-PRUF**, because of its moisture-retaining value.

Insect and fungus damage can be minimized by using **WILT-PRUF** as a longer-lasting sticker for insecticides and fungicides.
